

# REVISED STATUTES FOR THE GLOBAL COFFEE PLATFORM

## WHY ARE THE CHANGES NECESSARY?

- To reflect the co-creation of a new organization
- To define a new governance that reflects the new collaborative and transformative leadership approach
- To allow for the spin-off of the verification operations into a new independent company, Coffee Assurance Services GmbH & Co. KG
- To improve procedures by introducing some minor operational updates

## KEY CHANGES

- Name change, adjusted vision and activities, emphasis on non-competitive character
- Updated terminology, replaced institutionalized chambers by stakeholder groups, Board elections, optional Advisory Boards, inclusion of National Platforms, proxy and online voting
- Removed reference to implementation of the Common Code, added reference to outsourced assurance system and accreditation mechanism
- Simplified exclusion process of members
